FOR YOUR COMPANY — THE SOFTWARE IS INCLUDED

- Activate a trip in one click: the certificate and the insured card are emailed within thirty seconds.
- Live map of your teams, full record per employee, compliance certificate for your duty-of-care audits.
- Non-nominative pack: cover a headcount without disclosing names, and prove afterwards that the person belongs to the company.
- Tracking software available 24/7, at no additional cost to your company.

BEFORE YOU EVEN BUY — THE PUBLIC TOOL, FREE

- 207 countries: the official U.S. Department of State advisory level, checked every morning, and the dated feed of every change.
- What that level changes for your policy and for your bank card insurance — clauses quoted with their article and version.
- The observed cost of a medical repatriation, with its source, for the 41 countries where a public source exists.
- The real medical network on the ground and the nearest evacuation point.
- Put your destinations on watch: you are emailed the day one of them changes level.
