WHAT YOUR CLIENTS GAIN — AND YOU WITH THEM

A complement to what you already sell, not a competitor.

■

Where their other policies stop

Liability, health, pension: your clients are well covered at home. Once they cross a border, hospital admission is often negotiated before treatment, and their bank card's insurance stops at advised-against countries. This contract takes over exactly there.

■

Assistance your firm does not have to carry

The number printed on their insured card is the assistance desk, open day and night, everywhere. Your client is accompanied end to end — the emergency, the documents, the reimbursement — without a file for you to handle.

■

Treated without advancing a franc

Medical expenses up to CHF 1.5 million, evacuation and repatriation with no cap, and the payment guarantee sent straight to the hospital. Your client is admitted without having to reach for their card.

■

A relationship that carries on

The contract is annual and renews tacitly; your remuneration follows the life of the contract, with no further step. And every renewal gives you a legitimate reason to be back in touch with your client.

TEN MINUTES OF SETUP, ONCE

1 You apply NOW

Five fields on maximum-insurance.com/partenaires: company, email, business, country of establishment, FINMA licence number. The opening link leaves within a second, and there is no password to create.

2 You activate your payouts DAY 1 · 5 MINUTES

One button opens a Stripe account in your name. Have your IBAN, your company number and an ID document at hand. We see neither: Stripe verifies, then wires on its own.

3 You share your link WEEK 1

Your co-branded page, its high-resolution QR, the embed for your own site, the non-nominative company pack. Place the link once — email signature, bottom of quotes — and it will sell for two years.

4 You receive your commissions EVERY SALE, THEN EVERY YEAR

Every sale arrives in your space with its invoice, ready for accounting. The payment having split at the source, there is nothing to collect, nothing to invoice, nothing to chase.

WHAT IT EARNS

- Three managers leaving for Nigeria in February: 3 × Pack VIP Extreme, \$6,870 collected by Maximum. And the same line comes back next year, with no re-selling.
- One question at every renewal — “who travels at your company this year?”: out of 40 clients, 10 say yes, \$9,900 collected.
- Thirty employees covered without the names, with the non-nominative pack: \$29,700 on one signature.

AND FOR YOUR FIRM

- Sole-trader broker — your book becomes an annuity: every annual contract starts again at term with no re-selling, and this month's income no longer depends on this month's calls.
- Brokerage company — it rolls out without training anyone: the link in signatures and the embed on the quote page are enough, and there is no claims back-office to build.
- Trustee or property manager — a headcount covered without a list of names: the non-nominative pack, one signature, one payment, and none of your clients' data changes hands.
- Mobility consultant — cover is in place before boarding: three minutes, no medical questionnaire, with the certificate consulates accept.
