THE PARTNERSHIP

Extra revenue, as simple as a checkbox.

You offer Maximum protection when your clients book; we handle the subscription, the documents and the follow-up of files.

Recurring revenue

Your share of every policy sold, paid automatically. The policy is annual: at every tacit renewal your share comes back, with no re-selling.

A checkbox, or a form

Add the protection to your booking flow, or a simple form to your sales process: link, QR code or widget. The client subscribes in three minutes.

Nothing to manage

You do not collect the premium or invoice anything: the payment is split at source. Maximum handles the subscription, the documents and the follow-up of files; the insurer decides and settles claims, according to the benefits.

Better protected clients

Direct payment guarantee, unlimited evacuation and repatriation, one 24/7 number: your recommendation stays with your clients until they return.
