THREE CASES, ONE SPACE

- 1. Introducer — individual. Link, QR, iframe. You bring an expat or a family. Maximum runs the questionnaire and the quote. No advice.
- 2. Introducer — company. You bring an HR lead. The company opens the same /entreprise as Travel, then adds Health seats. One account, two packs.
- 3. Health white-label — the WinHealth case. WinHealth already has a partner account for Travel commissions. On top, they want /p/winhealth: logo, colours, iframe matching winhealthgroup.com, set from /espace (not Maximum admin). The client sees WinHealth. Maximum runs quote, Stripe, concierge.
- White-label is not required to introduce. VCA = Jewelry, not Health. WinHealth = Health, and also Travel.
